Additional Information

Universitas Katolik Parahyangan or UNPAR was founded on January 17th, 1955, and initiated by the Bishop of Bandung, Mgr. P.M. Arntz and the Bishop of Bogor, Prof. Dr. Nicolaus Johannes Cornelius Geise, OFM. The university is located in the middle of *West Java Province, in the City of Bandung*. The City of Bandung is affectionately known as *Paris van Java*, because the city is beautiful and the temperature is cool. It is located in hilly landscape.

UNPAR's Vision. To become a humane academic community guided by compassion in truth and to promote local excellence at an international level, driven by the desire to improve human dignity and to uphold the integrity of natural creation, based on our maxim: *Bakuning Hyang Mrih Guna Santyaya Bhakti* ("In God we pursue science & knowledge and dedicate our efforts to the community")

UNPAR's perception of Human Values. Essentially, humanity shows in the way humans appreciate and respect human integrity, which consists of mind, emotion, body, and harmony. A truly dignified human being is a person who always acts using a combination of

his/her sensibilities and intellectual as well as physical skills to foster peace and harmony in society.
